Downtown Doral

SURROUNDED BY TRANSFORMATIVE NEW DEVELOPMENT

Located in the path of new development, the Property is surrounded by a rapidly changing West Miami landscape. Landmark developments such as CityPlace Doral, Doral Square, Jackson West Medical Center, and Doral Legacy Park are all underway or recently delivered and speak to the immense interest in the submarket. Among the fastest growing cities in the United States Doral nearly tripled its population since 2000 and looks to continue the trend with a forecast of a 20% increase through 2023. As such, multifamily developers are also responding to the demand with over 7,800 units either recently delivered, under construction or proposed. The area's amenities continue to expand in reaction to the growing base of affluent residents that flock to the burgeoning city.

CITYPLACE DORAL

Opened in 2017, CityPlace Doral is a 50+ acre master-planned mixed-use community developed by the Related group that consists of two vartment communities, 280,000 square feet of office, 235,000 square feet of retail (including 40 dining and shopping, and entertainment options), and 150 \$1 million+ single family homes.

DOWNTOWN DORAL & DORAL WHITE

Downtown Doral combined with the White Course is a 250 acre community that consists of office, retail, a charter school, public parks and a mix of residential housing. Portions of the project have already delivered, while other sections remain ongoing or in planning. Notably to date, 600,000 square feet of office space has delivered, with plans to grow in excess of one million square feet. Further, the community's charter school is "A" rated and amongst the top elementary schools in the region. In total, Downtown Doral will have a total capitalization in excess of \$1 billion.
